**Nye Museum**  
**2023 Sally Nye Moseman Scholarship Application**  
**2023 Ellen Nye Holway Scholarship Application**

The scholarships are open to any Sandwich resident, regardless of high school attended, and are available to anyone who is pursuing a college or post-secondary degree.

These scholarships in the amount of \$1,000 each were established in honor of Sally Nye Moseman and Ellen Nye Holway, each of whom supported the Nye Museum's early mission to protect the Benjamin Nye Homestead and promote historical education and learning. We seek applicants who also support this mission, and who seek to incorporate history into their lifelong learning path. Although applicants with other interest areas will be considered, preference will be given to those with plans to focus on history or education.
